Major Hazard Facility Public Information:- Public warning in case of major incident

In the event of a major incident, emergency services will be called and members of the public who may be affected will be warned through the emergency services.

Major Hazard Facility Public Information:- Public actions in case of major incident

Do not approach the facility. Members of the public are advised to co-operate with any instructions or requests from the emergency services.

If there is a major incident on site we will contact our immediate neighbours and advise them of the details as soon as it is practical. FENZ and the other emergency services will have overall control and authority of the process.
